

Vacant DRES PTA positions 2018-2019

We need your help!!

The school year is already winding down which means we need to start thinking forward to next school year. This means we are actively looking for volunteers to step up and take on a few key leadership roles for the Fall 2018 -2019 School year.

Who can be on the board? Anyone! The board positions are open to any parent, teacher, administrator or community member who wants to take an active leadership role in the development of our school community. Being on the board does not mean that you are required to organize and attend every PTA sponsored event. We are all busy parents and we each do what we can, when we can.

Below is a general description that goes along with each position. Please look the list over and let us know which role you can see yourself in. Don't see a role that suits you but want to take on another role in the PTA. Great, Let us know! While we do have a few very specific positions that need to be filled, we are also looking for committee chairs too. If you have any questions, please feel free to reach out to me Megan Slonac at slonac@verizon.net or 240-374-9453.
