We need your help sharing careers with our students!

Thursday, April 2, 2020

The format is to present for 20 minutes to 2-3 different classes who rotate to you. Presentations can touch on what you do in your job, the training and education required and if any childhood interests contributed to your current career. If you have concrete examples of your work to pass around that can help engage students that would be beneficial to their learning. We can accommodate movies, PowerPoint presentations, and Wi-Fi access.

Please RSVP to Carolyn Wohnsigl by phone or my email at carolyn_wohnsigl@hcpss.org
